

PAST PRESIDENTS

APCO International recognizes here the contributions its past presidents have made to foster, protect and enhance the spirit that is APCO International.

Some past presidents are no longer with us, but this page is evidence that they are not forgotten. Those with us are still on

call when their wise counsel is needed. All APCO International members owe the past presidents more than can be repaid. But we can continue to remember, and we can continue to express our gratitude that there have been and are people like these and communities that will support their service to our association.
